Welcome to

LEGENDARY
CRAFTSMANSHIP

For four decades, Snyder Stairs has been building more than staircases — we've been building trust right here in the Lehigh Valley. From our humble beginnings as a small, family-run shop to becoming a highly rated and well-reviewed name in the industry, our foundation has always been hard work and integrity.

As second-generation stair builders, we've carried forward the craftsmanship, values, and attention to detail passed down through the years. We take deep pride in every project, whether it's a single railing or a fully custom staircase. It is a privilege to provide fine, American-made workmanship that stands the test of time. Our goal is simple: deliver quality you can see, feel, and rely on for generations to come. When you work with Snyder Stairs, you're welcomed like family and treated with the respect your home deserves.

What we do

STYLE YOUR WAY – From premium stair parts to a full range of stair and railing services, we are committed to delivering craftsmanship at the highest standards. Our goal is to provide expertly crafted products and solutions that exceed our customers' expectations every single day.

» Railing Installation

Professional railing installation services for homeowners, contractors, and builders alike — ensuring safe, secure, and beautifully finished results on every project.

» Custom Staircases

Thoughtfully designed and expertly crafted stair systems tailored to complement your home's architecture and elevate its overall aesthetic.

» Full Staircase Renovation

Complete transformation of outdated or worn staircases into stunning focal points that enhance both value and visual impact.

» Design & Consultation

Personalized guidance from concept to completion, helping you select the right materials, layout, and style with confidence.

» Premium American-Made Parts

High-quality stair and railing components proudly manufactured in the USA, offered at competitive wholesale pricing without sacrificing craftsmanship or durability.

All of our catalogs are available on our website at snyderstairs.com

Rising To The Occasion

Snyder Stairs LLC has elevated the visual statement of a staircase to one of grand elegance. Today's discriminating home and business owners know that their choice of balusters is so much more than a point of detail, it is the pivotal decision that completes a carefully-planned interior design.

If ascending your staircase is to be a special occasion, rise to that occasion with Elegant Rise or Structural Rise balusters.

Linear Post to Post

Elegant Rise

Elegant Rise balusters are created in sets of three for each step. Measuring 34", 38" and 42" in height, their lower one-third "base" is proportioned to create a smooth, flowing line in ascent.

Structural Rise

Structural Rise balusters are available in 5 different turning lengths: 31", 34", 36", 39" and 42", and each set has bases of identical height to emphasize individual steps in your staircase statement.
